THE exodus to the University of Nebraska is now on. Each year brings an added increase in the Omaha circle in Lincoln, and while many of the school set prefer the eastern schools, the number of Nebraska devotees is large and enthusiastic this year.

This is "rush week" in Lincoln, so a few have gone down early to enjoy the excitement of the gayeties incident to "rush week," and the gayeties are many and varied, and only fully appreciated by those who have hit this trail in the pledge of sorority and fraternity life.

Among those lately registered for the university are: Misses Charlotte Bedwell, Clara Lindley, Margaret McCoy, Katherine Newbranch, Marie Hixenbaugh, and the Messrs. Jack Austin, Charles Huestis, Phillip Jones, Ted Metcalf, Charles Weymuller, George Grimes, Walter A. Hixenbaugh, Devo Crane, Wilson Bryant, John Mettlin and Frank Hixenbaugh.

Messdames George Francis, Frank E. Ames and Roy Dennis entertained at a bridge-luncheon at the club Thursday. Autumn decorations were used throughout the rooms. Prizes were won by Miss Mabel Meisner, Mrs. George Davis and Mrs. H. C. Marling. The guests included:

WIDOW LOSES HER SAVINGS BY FIRE

Mrs. Nellie Bomar Invests Profits of Lifetime in Furniture, Which is All Lost.

DEPARTMENT COMES TOO LATE

For a number of years, Mrs. Nellie Bomar, a widow, has lived on the second story of a frame building on the southwest corner of Sixteenth and Leavenworth streets, making a livelihood by taking in sewing and conducting a rooming house for men only.

Mrs. Bomar had been investing her small profits in some furniture, making the purchases one at a time as she made a little money. She stored the furniture in two of the spare rooms of her rooming house.

It was her ambition to save enough money to rent a little cottage some place and spend the rest of her life in peace.

But Friday morning about 4 o'clock Ed Fowler, one of the roomers stopping with Mrs. Bomar, detected the odor of smoke and upon making an investigation found a small blaze in one of the rooms in which Mrs. Bomar had stored her furniture.

He called Mrs. Bomar, who locked the

doors of the rooms in an effort to confine the blaze to the one room while she called the fire department.

When the department answered the alarm and arrived on the scene, however, the blaze had spread and the efforts of the fire ladders to save the property were futile. Mrs. Bomar not only lost her precious furniture, but all her belongings. Ed Fowler, with the assistance of his son, John, and Richard Quinlan, another roomer, managed to save their personal effects, but everything else was lost.

Newspaper Man Recommends It. R. R. Wentworth of the St. James, (Mo.), News, writes: "Two months ago I took a severe cold which settled in my lungs and I had such pains in my lungs I feared pneumonia. I got a bottle of Foley's Honey and Tar and it straightened me up immediately. I can recommend it to be a genuine cough and lung medicine." Many mothers write this reliable medicine cured their children of croup. Hay Fever and asthma sufferers say it gives quick relief. Sold everywhere—Advertisement.

UNDERGOES OPERATION IN ORDER TO JOIN NAVY

Gaillard P. Chapin of Sheldon, Ia., applied for enlistment at the local navy recruiting office, only to be rejected because he was so unfortunate as to have phlebitis on his right thigh. He was told that if he had the trouble removed he would be accepted, so he visited the Swedish Mission hospital, where Dr. Chester Waters performed the operation. Chapin will be fully recovered in a few days and will then join the navy. Phlebitis is a trouble of the veins.

Omaha Convention of Letter Carriers Breaks All Records

All records for attendance at national conventions of the Letter Carriers' association were broken at the recent gathering here, according to official figures just given out. Prior to the Omaha convention, Rochester, N. Y., had held the record for attendance, but Omaha, the convention city, proved to have an even bigger crowd, beating Rochester by about fifty delegates. The accredited delegates numbered 1,187 here, with twenty-three national officers, seventeen state presidents, twenty-five delegates-at-large, ninety-four women delegates, fifty-one women visitors and four brass bands.

RUN OF GRASSFED CATTLE TO RIVER MARKETS BEGINS

The run of grass-fed cattle to the markets has started and is well under way, coming two weeks earlier than usual, owing to the excellent condition of the western range. At this time from the western Nebraska and Wyoming range the Northwestern is carrying an average of 80 cars of cattle per day, a large portion of them coming to the Omaha market.
